# Makers at Work: Folks Reinventing the World One Object or Idea at a Time (Paperback)

Filesize: 6.99 MB

Reviews

These sorts of book is the greatest book offered. This can be for all those who statte that there had not been a really worth reading. I am just quickly could get a pleasure of reading a written ebook.
(Verner Goyette DDS)

MAKERS AT WORK: FOLKS REINVENTING THE WORLD ONE OBJECT OR IDEA AT A TIME (PAPERBACK)

aPress, United States, 2013. Paperback. Book Condition: New. 2013 ed.. 226 x 156 mm. Language: English . Brand New Book. What do you get when you combine an electronics hobbyist, hacker, garage mechanic, kitchen table inventor, tinkerer, and entrepreneur? A maker, of course. Playful and creative, makers are-through expertise and experimentation-creating art, products, and processes that change the way we think and interact with the world. As you ll see from the 21 interviews in Makers at Work, inquisitive makers are just as apt to pick up a laser cutter or an Arduino as a wrench to fashion something new. For example, you ll meet Jeri Ellsworth, who might provide a video lecture on magnetic logic one day and a tutorial on welding a roll bar on a stock car the next. You ll also meet Eben Upton, who put cheap, powerful computing in the hands of everyone with the Raspberry Pi; Becky Stern, who jazzes up clothing with sensors and LEDs; and bunnie Huang, who knows the ins and outs of the Shenzhen, China, electronics parts markets as well as anyone. As all the interviews in Makers at Work show, makers have something in common: reverence for our technical past coupled with an aversion to convention. If they can t invent new processes or products, it s simply not worth doing. Crazy as foxes, makers-working in the spirit of Tesla, Wozniak, Edison, Gates, Musk and many others-can bring sophisticated products to the people or to the market as fast or faster than large corporations. And they are not just enabling new technologies and devices-they are changing the way these devices are funded, manufactured, assembled, and delivered. Makers at Work puts a spotlight on the maker mindset and motivation of those who are reinventing the world one object or idea...
