Reviews

A whole new eBook with a brand new point of view. It is really simplistic but surprises in the fifty percent of the publication. I am just effortlessly can get a delight of looking at a written ebook.
(Mariano Gleichner)

PHILOSOPHY IN THE SOVIET UNION

[DOWNLOAD PDF](#)

Betascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - Philosophical research in the Soviet Union was officially confined to Marxist-Leninist thinking, which theoretically was the basis of objective and ultimate philosophical truth. During the 1920s and 1930s, other tendencies of Russian thought were repressed many philosophers emigrated, others were expelled. Stalin enacted a decree in 1931 identifying dialectical materialism with Marxism Leninism, making it the official philosophy which would be enforced in all Communist states and, through the Comintern, in most Communist parties. Following the traditional use in the Second International, opponents would be labeled as 'revisionists'. From the beginning of Bolshevik regime, the aim of official Soviet philosophy was the theoretical justification of Communist ideas. For this reason, 'Sovietologists', whom the most famous were Józef Maria Boche ski and Gustav Wetter, have often claimed Soviet philosophy was close to nothing but dogma. 104 pp. Englisch.
