Hurst, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This fine-tuned monarchical resilience, Davidson argues, cannot be sustained for much longer. Immense internal pressures are building up and the pressure-cooker is about to explode. Davidson marshals an impressive array of evidence."-- Independent "An important account. . . This is an unsentimental story of hard-nosed political calculation, conspicuous consumption (the UAE is the world's biggest consumer of scotch), opaque budgets and sovereign wealth funds that Hoover up assets such as Harrods and the Emirates Stadium."-- Guardian "In After the Sheikhs Christopher Davidson argues that the Gulf regimes will be gone at least in their current form within the next two to five years. It would be folly to ignore the writing on the wall for these insatiably greedy elites; Davidso's warning should be on the desk of every Foreign Office Minister." --Lord Avebury, Vice-Chair of the All-Party Parliamentary Human Rights Group 'After the Sheikhs is a book of tremendous value. It applies a rigorously constructed theoretical framework to a rich array of empirical data in order to assess the long-term survivability of some of the world's last authoritarian holdouts. For anyone interested in understanding the post-2011 Middle East, this is essential reading'. --Mehran Kamrava, Director of the Center for International...
