The men who govern India-more power to them and her!-are few. Those who stand in their way and pretend to help them with a flood of words are a host. And from the host goes up an endless cry that India is the home of thugs, and of three hundred million hungry ones. The men who know-and Athelstan King might claim to know a little-answer that she is the original home of chivalry and the modern mistress of as many decent, gallant, native gentlemen as ever graced a page of history. The charge has seen the light in print that India-well-spring of plague and sudden death and money-lenders-has sold her soul to twenty succeeding conquerors in turn.
