The German Air Force in the Great War (Classic Reprint) (Paperback)

By J E Gurdon

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 230 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The German Air Force in the Great War The original work, Die Deutschen Luftstreikrafte im Weltkrieg, is approximately three times the size of this English version. As Major Neumann points out in his Preface, his object has been to accumulate records concerning everything that appertains to the German Air Force, not only with regard to its history, but also with regard to its development in technical design and organisation. He has been assisted in this endeavour by twenty-nine contributors, each one of whom is a specialist in some branch of the aircraft industry or flying service, and it is well to mention that the result is a very comprehensive and accurate survey. Having to confine myself within certain limits, I have been obliged to recast the work and omit a great deal that did not seem to be of direct interest to English readers. For this purpose I have divided the book into two parts, of which the first concerns itself with the German Air Force as a unit of power, and describes the machines...

Reviews

These kinds of publication is everything and made me hunting ahead of time and more. I have got read through and i also am confident that i am going to gonna study yet again yet again later on. Its been printed in an extremely basic way in fact it is only after i finished reading this pdf in which in fact transformed me, alter the way i believe.
