" Is it possible to interfere with history in a moral way, especially if profit is the primary motivation for doing so? Is it possible to sustain any ethical standards at all when handed what amounts to unlimited power? These and other shadowy questions are raised in this book, the unofficial history of Dr Zeus, Inc -- known to its employees simply as the Company. This collection brings together the early Company stories in one volume for the first time. Also included are new stories, three previously unpublished, and one, The Queen in Yellow written exclusively for this book.
