

A Primer of Jungian Psychology

By Calvin S. Hall

Plume. Paperback. Book Condition: New. Paperback. 144 pages. Dimensions: 7.9in. x 5.3in. x 0.5in. The contributions of Carl Jung to understanding of the human psyche are immense. Starting as Freud's most famous disciple, Jung soon broke away from his mentor to follow his own lines of investigation and discovery. Many of Jung's ideas are now considered fundamentals in the study of the mind, but other, more controversial theories dealing with the psychological relevance of alchemy, ESP, astrology, and occultism are only now being seriously examined. This condensation and summary of Jung's life and work by two eminent psychology professors is written with deep understanding and extraordinary clarity and, along with its companion volume, *A Primer Of Jungian Psychology* is essential reading for anyone interested in the hidden depths of the mind. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Here is the best pdf I actually have gone through till now. We have study and I also am certain that I am going to planning to go through once again once more in the future. You will not sense monotony at any time of the time (that's what catalogs are for regarding in the event you question me).
