Sometimes, when you try to keep a secret from everyone else, the only person you end up fooling is yourself. When Bryce Smith and Juan Lopez meet at the mall one day, they have one thing in mind, and one thing only-hot, random sex. They plan on doing the deed, saying good-bye, and then returning to their regular lives. Bryce would go back to his high-powered job and wife and children, and Juan would go back to his studies and keep up with his macho Latino lifestyle. But, alas, that's not exactly what happened. At the mall that day, they also feel a deep, meaningful connection, and their desire simply to be with each other is stronger than either could ever imagine. So, they decide to meet up again, and again, and again-and soon realize that they are meant to be together, destined to be in each other's lives forever. But how can a married man and a student who isn't even out yet pursue such a romance? Well, it isn't easy. There are many obstacles that stand in their way, and *Is the Pope Catholic?* is the story of how they overcame them.
