Brand New Book. * Written by Peter Wright, who taught 100,000
new programmers how to program in Visual Basic when
Microsoft last launched a new product so suitable for
new/hobbyist and aspirant programmers. The same Peter
Wright style today makes this book the best Express tutorial
available. * Covers all the key features of Express C# in a friendly,
accessible style, and opens up a whole range of exciting
continuation products in the Apress roadmaps for when the new
programmers wants to continue their journey. * C# is the
language of the future and a lot of aspirant programmers are
going to choose C# as their entry-point into programming. This
book serves that new community of programmers and presents
a first-class author to guide them.
