Please hurry up! Learn Python FAST - The Ultimate Crash Course to Learning the Basics of the Python Programming Language In No Time Have you heard of the programming language Python? Would you like to learn more about this English-based programming language so that you can write programs that work? Then you want to scroll up and grab a copy of this eBook! Programming in Python is actually very simple when it comes down to it. If you have a grasp of the English language, then you're able to understand Python! In fact, that was the main point of coming up with this programming language back in the 1980's. The developer who founded this language wanted to create one that just about anyone could use and understand, and they succeeded! Python is a simple programming language that uses the English language and a rigid system of organizing code to help developers write code just about anyone can understand. In this book, you'll learn the basics...
