Naval Institute Press. Hardback. Book Condition: new. BRAND NEW, Fighting for Afghanistan: A Rogue Historian at War, Sean M. Maloney, An account of the battles around Kandahar City in 2006, from a renowned historian who risked his life in the thick of the action Fighting For Afghanistan is the third book in the Rogue Historian trilogy, taking Maloney's story into the conflict in 2006, when the Taliban-led insurgency threatened to overwhelm the U.S.-led coalition in southern Afghanistan. Fighting For Afghanistan takes the reader through all of the moving parts and planning and then depicts how it played out on the field of battle. During the course of the action, the author became the first Canadian military historian to go into combat since the Korean War. The battles around Kandahar City in 2006 were the turning point in the Afghanistan war and this book is the first to explain events in detail from all three levels. This is the only account that shows the scope of the fighting in the south in this time...
