Elsevier. Paperback. Book Condition: New. Paperback. 20 pages. Dimensions: 8.8in. x 5.8in. x 0.2in. Bring Your Own Device (BYOD) to Work examines the emerging BYOD (Bring Your Own Device to work) trend in corporate IT. BYOD is the practice of employees bringing personally-owned mobile devices (e. g. , smartphones, tablets, laptops) to the workplace, and using those devices to access company resources such as email, file servers, and databases. BYOD presents unique challenges in data privacy, confidentiality, security, productivity, and acceptable use that must be met proactively by information security professionals. This report provides solid background on the practice, original research on its pros and cons, and actionable recommendations for implementing a BYOD program. Successful programs are cross-functional efforts including information technology, human resources, finance, legal, security, and business operating teams. This report is a valuable resource to any security professional considering a BYOD program. Bring Your Own Device (BYOD) to Work is a part of Elseviers Security Executive Council Risk Management Portfolio, a collection of real world solutions and how-to guidelines that equip executives, practitioners, and educators with proven information for successful security and risk management programs. Presents research data associated with BYOD and productivity in the workplaceDescribes BYOD challenges, risks, and liabilities Makes recommendations for the components a clearly communicated BYOD program should contain This item ships from multiple locations.
