All that stands against the alien menace are the soldiers of the Simulant Operation Programme, an elite military team remotely operating avatars in the most dangerous theatres of war. Captain Conrad Harris has died hundreds of times - running suicide missions in simulant bodies. Known as Lazarus, he is a man addicted to death. So when a secret research station deep in alien territory suddenly goes dark, there is no other man who could possibly lead a rescue mission. But Harris hasn't been trained for what he's about to find. And this time, he may not be coming back . . . Legion is an action-drenched tale of elite space marines, deep space exploration and galactic empires.
