

## Circulatory System (Hardback)

By Walter G. Oleksy

Rosen Publishing Group, U.S., United States, 2001. Hardback.  
Book Condition: New. 268 x 204 mm. Language: English . Brand New Book. This new science and health series goes in-depth in examining how the human body operates. Each book corresponds with one of the body's eight major systems, including the muscular, circulatory, and reproductive systems. With diagrams and pictures to highlight the easy-to-read text, young readers will be transported into the inner workings of the body. A great resource for research and reports. A fascinating look at the body's circulatory system and how the heart, lungs, and the arterial network work together to pump blood and deliver oxygen and nutrients to all the cells of the body.

### Reviews

*Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Mr. Noah Cummerata IV**

*Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Kian Harber**
