Wiley, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Additional Praise for Nerds on Wall Street "Most new technologies are exploited first by "alpha geeks," the folks with the skills to push the envelope. This is as true on Wall Street as it was on the web. David Leinweber was one of those alpha geeks, but is also the first to chronicle the innovation process from early adopter to mainstream acceptance." - Tim O'Reilly , Founder & CEO O'Reilly Media " Nerds on Wall Street is a thoughtful, funny, and comprehensive history of the overlooked role geeks have played in our financial markets from the earliest days of telegraph, to risk management systems in the current credit crisis. The book is an irreverent "I Was There" chronicle of how our financial markets were formed from silicon, savvy and software. Highly recommended." - Paul Kedrosky , Infectious Greed, Ten Asset Management and Kauffman Foundation "For decades Dave has not only understood more investment technology than anyone, but with patience and a great sense of humor, he has made the effort to explain it to his less tech savvy friends. Nerds on Wall Street is a home run for us all." - Richard Rosenblatt , CEO, Rosenblatt Securities " Nerds on Wall Street is a wild, funny ride though the technological changes that underpin modern financial markets. You will find yourself laughing out loud at what could otherwise be a dry subject. And, if you're not careful, you might even learn something!" - Richard R. Lindsey , Chairman, International Association of Financial Engineers; Principal, Callcott Group LLC "If you're interested in what computers are doing with your money, then this book is for you." - Richard Peterson, MD , Managing Director MarketPsy Capital LLC; Author,...
